

Waukon Golf & Country Club Golf Superintendent Job Description

Job Title: Golf Superintendent

Location: Waukon Golf & Country Club (WGCG), Waukon, IA

General Job Description:

The Superintendent of Grounds is to maintain the grounds outside the clubhouse which includes, but is not limited to the golf course and greens being kept in TOP playing condition as well as normal maintenance of the golf club property.

Duties and Responsibilities:

Other duties include: the supervision and scheduling of outdoor staff, the maintenance of a calendar describing daily work showing when special needs are done (aerating, fertilizing, verticutting topdressing, spraying, etc.); maintenance of all outdoor equipment and furnishing; monitoring the pond pump and record usage; maintenance of irrigation system; trimming trees as needed; pulling or spraying weeds where appropriate; maintenance of pond and aerators; the clean up of debris etc.

Schedule routine and preventative maintenance on equipment, doing as much as possible in house. Keep an inventory on all chemicals, equipment, fuel and other goods owned by the WGCG. Clean and maintain outside restroom areas and maintain/repair cart sheds as needed. Attend Board meetings and be prepared to report on outside activities. Work with the club manager and tournament director on tournaments, course conditions, events, etc.; be responsible for deciding if play/carts are permitted due to weather.

The Superintendent of Grounds position requires certification as a Commercial Pesticide Applicator. It is the superintendent's responsibility to maintain required licenses for chemical usage. The cost of continuing education/training, license fees and attendance to the State Superintendent of Golf Courses seminar are paid by WGCG.
